Career Objective

Passionate engineer with a strong foundation in Electrical and Electronics Engineering. Seeking a challenging role in the electrical engineering domain where I can utilize my skills in circuit design, control systems, and energy management to contribute to efficient and sustainable engineering solutions.

Education

B. Tech in Electrical and Electronics Engineering, Sri Venkateswara College of Engineering, Tirupati, Andhra Pradesh	2022-2026 CGPA: 7.6
Intermediate (MPC) APSWRJC college, Andhra Pradesh	2020-2022 CGPA: 6.3
Matriculation Vishwam High School, Andhra Pradesh	2019-2020 CGPA: 7.3

Projects

- Performance Analysis and Simulation of a Battery Management System in Electric Vehicles
- Portfolio management website
- Movie ticket booking websites
- Performance Analysis and Simulation of a Battery Management System in Electric Vehicles

SKILLS

- Strong Fundamentals in Electrical core concepts
- Programming Languages: Python,c,DS
- Web Technologies: HTML, CSS
- Soft Skills: Effective Communication, Growth Mindset

Certifications

- Hybrid Electric Vehicle Modelling and Performance Analysis.
- Internship in competitive programming and Advanced Algorithm Techniques.

Languages Known

- English
- Telugu

Extra - Curricular Activities

- Playing Cricket
- Watching Movies
- Listening Music
